Admission under BITS-RMIT Higher Education Academy

Dear Aspirants:

Unlock a world-class education with the BITS-RMIT Higher Education Academy, a unique partnership between two leading universities in India and Australia. This ground-breaking program offers you the chance to earn two globally recognized degrees simultaneously from BITS Pilani and RMIT Australia, providing an affordable pathway to an exceptional international education.

As a BITS-RMIT Higher Education Academy student, you'll be eligible for the RMIT Future Leadership Scholarship, offering a 20% reduction in tuition fees for the portion of your program studied at RMIT Australia.

Your journey begins at a BITS campus in Pilani, Hyderabad, or Goa, where you'll spend the first half of your degree. You'll be concurrently enrolled at both BITS and RMIT, primarily focusing on BITS subjects while gaining valuable exposure to RMIT's curriculum. For the second half of your degree, you'll immerse yourself in Melbourne, Australia, at RMIT's vibrant campuses, experiencing life in a new academic and cultural environment.

For more information about visit https://bitsrmit.in/

All candidates who have appeared in BITSAT-2025 can also choose the BITS-RMIT Higher Education Academy mode of admission.

- B.E. Civil at BITS Pilani and Bachelor of Engineering (Civil and Infrastructure) (Honours) at RMIT, Australia
- B.E. Mechanical at BITS Pilani and Bachelor of Engineering (Mechanical) (Honours) at RMIT, Australia
- B.E. Electrical & Electronics at BITS Pilani and Bachelor of Engineering (Electrical Engineering) (Honours) at RMIT, Australia
- B.E. Electronics & Communication at BITS Pilani and Bachelor of Engineering (Electronic and Computer Systems Engineering) (Honours) at RMIT, Australia
- B.E. Computer Science at BITS Pilani and Bachelor of Engineering (Software Engineering) (Honours) at RMIT, Australia

To be eligible for the BITS-RMIT Higher Education Academy, you must meet both university's entry requirements and achieve the required BITSAT-2025 score.

For comprehensive details on all admission requirements, including English language proficiency, please visit the BITS-RMIT Higher Education Academy website: https://bitsrmit.in/

How to Apply: A Step-by-Step Guide

Applying to the BITS-RMIT Higher Education Academy is a two-part process. Please read the steps and deadlines carefully.

- **Part 1: Apply to BITS Pilani**
  Complete your BITS application and fill your program preference for the BITS-RMIT Higher Education Academy program(s) via BITSAT 30 June 2025.

- **Part 2: Activate Your RMIT University Application and upload documents**
  After you apply to BITS, you will receive an email from RMIT with a unique link and instructions to access the RMIT application portal, to activate your account and to set your password.

  You must then upload the following documents to the RMIT portal to meet the entry requirements and note deadlines for each:

  - **Visa questionnaire** you receive from RMIT must be submitted no later than 6 July 2025. Additional steps may be required.

  - **High School Transcript** no later than 6 July 2025

  - **Evidence of English language proficiency** ideally by 6 July, but latest by 30 July 2025

You can provide evidence of your English language proficiency for admission to BITS RMIT Higher Education Academy program from one of these options:

1. Achieved 70% or above in Year 12 English subject score in Indian School Certificate examination (ISC) *

2. Achieved 75% or above in Year 12 English subject score in Central Board of Senior Education examination (CBSE) *

3. If you have other secondary qualifications or do not meet the subject score requirements listed above you will need to provide English language proficiency tests results. RMIT accepts a range of English proficiency tests. Refer to [English language proficiency tests for international students](#) website for the list of acceptable tests and scores you are required to obtain**

(*) You must provide an official letter from your high school office confirming that your Year 12 studies were taught and assessed entirely in English.

(**) RMIT will reimburse 50% of the English proficiency test cost up to a maximum value of 8500 INR, for any candidates who are required to provide English proficiency test results AND successfully enrol into an Academy program in the 2025 intake. We recommend that you book your test as soon as possible and check the identification requirements for testing centres and their results processing times.

Applicants who meet entry requirements will be ranked based on their moderated BITSAT score. Offers will be issued to the top ranked applicants down, until places are filled.

With best wishes,
Ajit Pratap Singh
Dean Academics-Undergraduate Studies, BITS Pilani
